<b>Facility AUDIT FINDINGS</b>
--------------------------------

<b>Summary of Audit Findings</b>
----------------------------------

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

**Number of standards exceeded:**

0

**Number of standards met:**

<b>Targeted Inmate/Resident/Detainee Interviews</b>	
<b>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>

<p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>I interviewed residents and staff at the facility and reviewed screening documents of residents which corroborated that there were no residents with this characteristic to be interviewed.</p>

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p><b>84. Did you have access to all areas of the facility?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>Was the site review an active, inquiring process that included the following:</b></p>	
<p><b>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

<p><b>Documentation Sampling</b></p>	
<p>Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.</p>	
<p><b>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

**91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).**

## **SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

### **Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	<b># of sexual abuse allegations</b>	<b># of criminal investigations</b>	<b># of administrative investigations</b>	<b># of allegations that had both criminal and administrative investigations</b>
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	1	0	1	0
<b>Total</b>	1	0	1	0

**93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	<b># of sexual harassment allegations</b>	<b># of criminal investigations</b>	<b># of administrative investigations</b>	<b># of allegations that had both criminal and administrative investigations</b>
<b>Inmate-on-inmate sexual harassment</b>	0	0	0	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0
<b>Total</b>	0	0	0	0

**Sexual Abuse and Sexual Harassment Investigation Outcomes**

**Sexual Abuse Investigation Outcomes**

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

**94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:**

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Total</b>	0	0	0	0	0

**95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:**

	Ongoing	Unfounded	Unsubstantiated	Substantiated
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0

<b>115.211</b>	<b>Zero tolerance of sexual abuse and sexual harassment; PREA coordinator</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p>
	<p><b>Auditor Discussion</b></p> <p>The Lary A. Nelson Residential Correctional Center (Nelson Center) is a community confinement facility in Cedar Rapids, Iowa operated by the Sixth District, Department of Corrections. The Iowa Judicial Districts as of July 1, 2023, came under the operational control of the Iowa Department of Corrections. The Iowa 6th Judicial District’s PREA Policy 2400 follows the guidelines of the PREA standards. Throughout this report, this will be referred to as the “PREA policy”. The PREA policy mandates zero tolerance for sexual violence of any kind.</p> <p>The district is managed by the District Director. The Residential Manager manages the community residential centers within the district. The day-to-day center administration of Nelson Center is managed by the Residential Supervisor who is tasked with maintaining PREA Compliance within Nelson Center. The PREA Coordinator reports directly to the Residential Manager, is a senior-level staff and directly oversees the center’s PREA efforts in concert with the center’s Residential Supervisor. The Residential Supervisor works very closely with the administration and the PREA Coordinator. The PREA Coordinator and the Residential Supervisor have the time and the authority to carry out their PREA-related duties.</p>

<b>115.212</b>	<b>Contracting with other entities for the confinement of residents</b>

	<b>Auditor Discussion</b>
	The Nelson Center does not contract with other entities for the confinement of its residents.

<b>115.213</b>	<b>Supervision and monitoring</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor interviewed the District Director, the Residential Manager, the Residential Supervisor and the PREA Coordinator. The auditor reviewed the PREA policy, verified the staffing levels through the schedule that was provided, and verified through direct observation while on site. There are always two residential officers on each shift 24 hours a day. Typically, during the weekday there is one Residential Supervisor on duty. Additional staff include food service staff, a building maintenance worker, and a secretary.</p> <p>The auditor reviewed the staffing plan that was completed. The Staffing Plan lists the staff and the resident numbers and physical layout. The staffing plan has been reviewed annually as required by the standard. There have been no deviations from the staffing plan. There are cameras located throughout the facility that aid in the supervision of residents but do not replace supervision. Cameras are considered a deterrent to sexual acting out and other safety violations and are used in post-incident investigations.</p>

<b>115.215</b>	<b>Limits to cross-gender viewing and searches</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>Residential officers conduct rounds consistently throughout each shift. This is an all-male facility, and the female staff make an announcement when entering the housing wing. This was confirmed during the audit tour and through interviews with residents and with staff. The staff perform pat searches and do not perform strip searches or visual body cavity searches. However, if there were an exigent circumstance that warranted a cross-gender strip search or body cavity search, with supervisor authority, the search would be documented in the cross-gender search log. The policy prohibits examination for the sole purpose of determining gender and staff are knowledgeable of correct search procedures as confirmed through</p>

	<p>interviews. Staff are adequately trained in searches of residents who are transgender or intersex, and such training is required by their policy. The restrooms have toilet stalls with doors. The showers are individual shower stalls, but they do not have shower curtains. The male residents stated they would like shower curtains on each shower stall for more privacy from other residents. Administrators state that they are working on procuring shower curtains for the shower stalls. As this standard only requires that the facility implement policies and procedures that enable residents to shower without female staff viewing them in a state of undress, the auditor cannot require this as a corrective action. However, the auditor was encouraged by the administrator's response that they would be purchasing these in the near future. Female staff do not enter the restroom unless they have verified first by an announcement that it is not occupied. Residents confirmed in interviews that female staff do not enter the restrooms when they are occupied. They may call out for a name during count from outside in the hall.</p>

<b>115.216</b>	<b>Residents with disabilities and residents who are limited English proficient</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor reviewed the PREA policy, and interviewed administrators, and staff. The Nelson Center will provide PREA information to all residents with disabilities including residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities so that they have an equal opportunity to participate in or benefit from all aspects of Nelson Center's efforts to prevent, detect, and respond to sexual have access to use the interpretive service for all communications other than day-to-day routine communication. There were no non-English speaking residents at the facility during the audit. All PREA-related documents for the residents including the posters, their training documents, and the handbook have a Spanish version, which is the language they primarily encounter other than English. The Nelson Center will provide basic PREA information verbally to residents who are blind or visually impaired, and those who have intellectual, psychiatric, or disabilities. They provide written information to residents who are deaf or hard of hearing or if required, they will provide an ASL interpreter. The Nelson Center has access to the Language Line for translation services through the Iowa DOC but is currently using a list of Iowa's State Court interpreter services.</p>

<b>115.217</b>	<b>Hiring and promotion decisions</b>
	<b>Auditor Overall Determination:</b> Meets Standard

	<p><b>Auditor Discussion</b></p> <p>The auditor reviewed the PREA policy and reviewed a random sampling of employee files for the required documentation. The auditor interviewed the administrators and the Human Resources manager. The Nelson Center hiring process includes the components required by this PREA standard. Law enforcement background checks are run upon hire. The human resources manager maintains a database of each employee's background check date and then has a monthly reminder to check for any of those hitting the five-year mark that will need to be re-run for that month. If the Nelson Center utilizes any contractors, the Human Resources Manager runs background checks prior to utilizing their services. The facility asks questions directly about previous misconduct in written applications and in interviews for promotions. These questions are asked again annually of each employee through the annual evaluations as required by the standard. The facility checks with all previous institutional employers specifically regarding substantiated allegations of sexual abuse and provides documented evidence to support this. The agency provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work.</p> <p>The Iowa Department of Corrections (IDOC) policy AD-PR-11 IDOC General Rules of Employee Conduct paragraph 5 requires that all employees must inform their supervisor immediately if under investigation, arrested, charged, convicted, or required to appear in court for any criminal offense and that the District Director must be provided a written report with 24 hours of the occurrence. Paragraph 7 requires they report any sexual misconduct as described in standard 115.217 (a) (1) through (3).</p>

<b>115.218</b>	<b>Upgrades to facilities and technology</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>The auditor reviewed the Nelson Center's PREA policy, and video monitoring systems, directly observed the facility, and conducted interviews with the District Director, the Residential Manager, the Residential Supervisor, and the PREA Coordinator. The facility considers the protection of residents and the standards when contemplating upgrades to the facility or in the application of technology. There have been no upgrades to the facilities. They have installed updated video monitoring technology and added additional cameras. They have camera systems in key areas. The camera systems are upgraded as needed throughout their service.</p>

<b>115.221</b>	<b>Evidence protocol and forensic medical examinations</b>
----------------	--

	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor reviewed the PREA policy and interviewed an investigator who conducts investigations. The auditor spoke with the Riverview Center which provides an advocate for accompaniment, and victim support services.</p> <p>The auditor researched available services in Cedar Rapids, Iowa. The Cedar Rapid Police Department Sex Crimes Unit works closely with both Unity Point Health-St. Luke's Hospital and Mercy Medical Center in an effort to provide the highest quality of service to adult sexual abuse victims. Both St. Luke's Hospital and Mercy Medical Center have a Sexual Abuse Nurse Examiner (SANE) program in place to more efficiently provide services to victims of sexual abuse. The program complements a Sexual Abuse Response Team program, which has been established within the Cedar Rapids community. This team consists of individuals from the medical community, law enforcement, and various agencies in the community which all share a concern for the victim's welfare as well as the criminal investigation and prosecution of sex-related crimes. If the resident is taken to the emergency room at St. Luke's or Mercy Medical Center, an advocate from Riverview Center will be called, and a sexual assault forensic examination will be conducted by a Sexual Assault Nurse Examiner (SANE). The Nelson Center has a Memorandum of Understanding (MOU) with Riverview Center for these services. When law enforcement responds to a sexual assault case within the center, evidence protocol is followed, and they work cooperatively with the SANE to ensure all usable physical evidence is gathered.</p>

<b>115.222</b>	<b>Policies to ensure referrals of allegations for investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The PREA policy requires the facility to refer all allegations for investigation. The Nelson Center investigations are completed by qualified investigators and required documentation and reporting occurs. There are trained administrative investigators from the facility and criminal investigators from the Cedar Rapids Police Department available to investigate allegations of criminal sexual misconduct within the center. The administrative investigators have completed the Iowa Department of Correction's (IDOC) course PREA Investigator Training. Staff sexual misconduct may be investigated through an independent investigation conducted by the Iowa Division of Criminal Investigation if referred by the police department. The IDOC investigative policy can be found on the agency's website at <a href="https://doc.iowa.gov/prison-rape-elimination-act">https://doc.iowa.gov/prison-rape-elimination-act</a>.</p>

<b>115.231</b>	<b>Employee training</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor interviewed the Residential Manager, the PREA Coordinator, the Residential Supervisor, and staff and reviewed training documentation. Newly hired staff have orientation training which includes the required components of this PREA training standard. Staff sign an acknowledgment form that they understand the requirements of PREA, the facility's zero-tolerance policy, and that they must immediately report any information or knowledge of sexual abuse or sexual harassment. New hires participate in training through the National Institute of Corrections (NIC) video PREA: Your Role Responding to Sexual Abuse, a review of the agency PREA policies, and some basic in-person training provided to them by the PREA Coordinator and other management staff. For refresher training by existing employees, they provide in-service training and policy review through various methods such as in-person training, training videos, and electronic training on their training online learning management system. On the online training, the staff are required to take a short test after each learning session to verify their understanding of the training material. Staff were knowledgeable in the required competencies such as the correct first responder response - separate, provide care, protect evidence, call for assistance, notify the supervisor,' and provide a written report.</p>

<b>115.232</b>	<b>Volunteer and contractor training</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The Nelson Center volunteers and contractors are provided training in an online training session, and they take a test to ensure they understand the material they received. The auditor verified compliance with this standard through a review of training documentation, interviews, a review of the online training and quiz, and a review of policy.</p>

<b>115.233</b>	<b>Resident education</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The Nelson Center provides basic information to a resident during the intake process about the center's zero-tolerance policy and how to report. The information</p>

	<p>is presented to the resident during the intake process by going over key components of the handbook information and then requiring the resident to sign. The resident also views the video “What You Need to Know” and signs an acknowledgment form. The handbook and the posters list the Iowa Ombudsman as the external reporting option. Nelson Center staff review this information orally with residents with low literacy or comprehension levels or other disabilities or issues that may prevent them from learning this information on their own. PREA information is readily available throughout the resident’s stay on posters and in their handbook. The auditor verified compliance with this standard through staff and resident interviews and by reviewing a sample of training for residents.</p>

<b>115.234</b>	<b>Specialized training: Investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The Nelson Center has trained facility investigators to conduct administrative investigations. The administrative investigators have completed the Iowa Department of Correction’s (IDOC) course PREA Investigator Training. All criminal allegations are turned over to the Cedar Rapids Police Department for investigation. The investigator works with others to form a coordinated response effort to include the SANE nurse and the advocates from the Riverview Center. Specialized training included techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.</p>

<b>115.235</b>	<b>Specialized training: Medical and mental health care</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>There are no full or part-time medical or mental health care practitioners who work within the Nelson Center. The resident chooses their private provider from those available within the community. Typically, Unity Point Health-St. Luke's Hospital and Mercy Medical Center. These facilities are also utilized by the facility in the event of a crisis, emergency, or sexual assault.</p>

<b>115.241</b>	<b>Screening for risk of victimization and abusiveness</b>
	<b>Auditor Overall Determination:</b> Meets Standard

	<b>Auditor Discussion</b>
	<p>The auditor spoke with the Residential Manager, the PREA Coordinator, the Residential Supervisor, staff, and residents, reviewed PREA policy, and reviewed resident screening documents. The Nelson Center completes a screening process upon intake. It typically is conducted within the first few hours of intake, but not more than 72 hours upon arrival. The screening is objective and has all the required components as stated in the standards. The auditor reviewed a sample of resident reassessments that were conducted within 30 days of the initial intake. Residents who are transgender or intersex are reassessed at least twice each year. Residents are also reassessed if referred, requested by a staff member, there is an incident of sexual abuse or there is receipt of any other information that increases the resident's risk of sexual victimization or abusiveness.</p>

<b>115.242</b>	<b>Use of screening information</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The Nelson Center's screening process is used along with other classification methods to determine placement within their housing areas. If the screening indicated this was necessary, there are enough housing options to keep residents separate. The placement of a resident who is transgender or intersex is determined on a case-by-case basis. The center considers the concerns of a transgendered or intersex resident's own view concerning his or her own safety. Those views are given serious consideration, and this was demonstrated through interviews with staff and residents. The facility does not place lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed, or other assignments solely based on such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of the likelihood of being sexually abusive.</p> <p>There is a restroom in each wing with toilet and shower stalls. The 400-wing at the Nelson Center is a smaller wing with a more private toilet and shower. Transgender residents would be afforded the opportunity to be housed in that unit to have more privacy for toileting and showering.</p>

<b>115.251</b>	<b>Resident reporting</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The auditor interviewed administrators, staff, and residents, reviewed the policy and

the resident handbook, and toured the facility. The Nelson Center provides multiple external ways for residents to report sexual abuse and sexual harassment. Residents can call externally to family and friends, and call or write to the Iowa Ombudsman Office. The auditor called the Iowa Ombudsman from a resident phone. The phone did not require a resident's Personal Identification Number (PIN). The phone menu directs the caller to dial 1 to make a call (using a PIN) and dial 2 for the State Ombudsman. The auditor spoke with the Iowa Ombudsman Office, and they stated they would accept calls from this facility and allow the resident to remain anonymous upon request. They will instruct the resident on various ways how to report PREA-related issues to the Iowa Department of Corrections, but they will also take the report on the resident's behalf and report it to the PREA contact at their facility or to the Inspector General of the Iowa Department of Corrections. The Nelson Center provides multiple internal ways for residents to privately report sexual abuse and sexual harassment, retaliation by other offenders or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. They can report verbally to staff, write a grievance, call the internal PREA hotline that goes directly to the PREA Coordinator, and send an email to the PREA Coordinator. The auditor left a message using the payphone and selecting option 3 to make an internal PREA report to the District's PREA Coordinator. The PREA Coordinator confirmed that day that she had received the message. There is a posted list on the bulletin board near the phone that includes a free call list. This list includes the Cedar Rapid Police Department and other resources within the community that are free calls. They also can write directly to the District Director, use the facility grievance process, and write to the Victim and Restorative Justice Director for the Iowa Department of Corrections. Staff accept reports made verbally, in writing, anonymously, and from third parties and promptly document any verbal reports. Staff can privately report to any staff within their chain of command or outside of the chain of command to an administrator.

<b>115.252</b>	<b>Exhaustion of administrative remedies</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The auditor reviewed the PREA Policy 2404-21, Grievance Policy 0116-22, the resident handbook, and conducted staff and resident interviews. The grievance policy section within the PREA policy regarding administrative remedies mimics the wording of Standard 115.252. The Grievance Policy 0116-22 states that the Residential Division Manager will ensure that the grievance process is included in the Resident Handbook.</p> <p>The Resident handbook states that the Nelson Center does not impose a time limit on when a resident may submit a grievance regarding an allegation of sexual abuse. They do not require a resident to use any informal grievance process or to otherwise</p>

	<p>attempt to resolve with staff an alleged incident of sexual abuse. They ensure that a resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint. They issue a final decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance. Third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, are permitted to assist residents in filing requests for grievances relating to allegations of sexual abuse and are also be permitted to file such requests on behalf of residents. They have established procedures for the filing of an emergency grievance when the resident is subject to a substantial risk of imminent sexual abuse. After receiving an emergency grievance alleging a substantial risk of imminent sexual abuse, the grievance is immediately forwarded to the Administrator for immediate corrective action, and provides an initial response within 48 hours, and issues a final decision within five calendar days. The initial response and final decision document their determination of whether the resident is at substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance. The Hinzman Center may discipline a resident for filing a grievance related to alleged sexual abuse only where the administrator demonstrates that the resident filed the grievance in bad faith.</p>

<b>115.253</b>	<b>Resident access to outside confidential support services</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>Residents have access to outside confidential support services. The facility has a Memorandum of Understanding (MOU) with the Riverview Center for advocacy and victim support services. The Resident Handbook lists under Victim Support Services the phone numbers for Riverview and the Rape Victim Advocacy Program. A resident may also place a free, unrecorded call by dialing 6 for the Riverview Center on the resident’s payphone. If a resident dials 4 for Victim Advocacy, they will reach the Rape Victim Advocacy Program in Johnson County Iowa. This organization will also assist the victim by connecting them to a rape crisis counselor within their geographic area of Iowa. There are posters located throughout the facility and there is information within the Resident Handbook on ways in which residents can access victim support services. The auditor contacted the Riverview Center and RVAP to verify services.</p>

<b>115.254</b>	<b>Third party reporting</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>

	<p>The Iowa Department of Corrections website provides information on how an individual can make a third-party report. The IDOC website has a link titled Prison Rape Elimination Act (PREA) Information about PREA at <a href="https://doc.iowa.gov/prison-rape-elimination-act/how-report-allegations-sexual-violence-idoc">Hhttps://doc.iowa.gov/prison-rape-elimination-act/how-report-allegations-sexual-violence-idoc</a>. This link directs third parties to report via email to <a href="mailto:PREA.reporting@iowa.gov">PREA.reporting@iowa.gov</a> , mail a letter to IDOC Central Office at 510 E. 12th Street, Des Moines IA 50319 or to the State of Iowa Office of Ombudsman at 1112 E. Grand Avenue, Des Moines, IA 50319. Third parties can report sexual abuse and sexual harassment using these methods.</p> <p>Interviews with staff and residents confirm that staff and residents are aware that third-party reporting options are available. The Nelson Center provides residents with reasonable and confidential access to their attorney. In addition, residents interviewed reported that they had contact with their families and others regularly who could report on their behalf.</p>

<b>115.261</b>	<b>Staff and agency reporting duties</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>The facility PREA policy requires all staff to immediately report any knowledge, suspicion or information received related to sexual abuse/harassment incidents, retaliation and staff negligence that may have contributed to such incidents. Staff are required to make such reports to the PREA Coordinator or designee. All employees may privately report sexual abuse and sexual harassment of residents to their supervisor or any other facility supervisor or administrator. Random staff interviews confirmed their responsibility to report and to maintain that information in confidence. The PREA Coordinator, the Division Manager, or a designee will assign an investigator for all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports. Staff interviews confirmed their responsibility to report and to maintain that information in confidence.</p>

	<p>The auditor reviewed the PREA policy and interviewed the staff and the administration. The facility requires all staff to take immediate action to protect the resident from imminent sexual abuse. All staff understand that “immediate” means when the response is needed - that could mean within minutes if the abuse were recent, or it could mean before the end of the shift for incidents in which an abuse was reported that occurred in the distant past. There have been no reported incidents over the past 12 months in which immediate protection measures were</p>

	required because a resident was subject to a substantial risk of imminent sexual abuse.

<b>115.263</b>	<b>Reporting to other confinement facilities</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	Interviews with staff confirm that action will be taken upon receiving an allegation of sexual abuse while a resident was at another facility and will notify another agency if a resident at this facility reports a sexual abuse allegation that may have occurred at another facility. Such action is initiated no later than 72 hours and actions are documented. These steps were also noted in the review of the policy. These notifications are made from facility head to facility head. There is one allegation received regarding another facility and the facility was properly notified. There were no allegations reported from another facility regarding an incident at this facility over the past 12 months.

<b>115.264</b>	<b>Staff first responder duties</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	Interviews with staff and a review of materials provided to the auditor verified their process to provide assistance; separate alleged victim/abuser; and preserve and protect the evidence by securing the scene including that the victim does not take any actions that could destroy any physical evidence. The Residential Supervisor, the Residential Manager, the District Director, and the PREA Coordinator are notified, and the coordinated response is initiated with the individual being taken to the hospital. An advocate is provided from the Riverview Center, and the investigator is notified so that they may report to the hospital, and/or, to the facility to begin the investigative process.

<b>115.265</b>	<b>Coordinated response</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The Nelson Center’s coordinated response plan is partially defined within their PREA policy, their PREA flow chart, and the Sexual Assault Response Checklist (Form

	<p>2404B-13). The Sexual Assault Response Checklist outlines the coordinated actions among first responders, investigators, facility administrators, and medical and mental health providers in the community. Staff interviews and interviews with the Residential Supervisor and the PREA Coordinator indicate that staff are aware of their responsibility to coordinate responses within the facility, with the investigator, and with the SANE and advocate. The Residential Manager, the Residential Supervisor, and the PREA Coordinator are notified. The coordinated response includes the individual being taken to the hospital for a forensic examination as appropriate. The Riverview Center typically handles the response at their facility which includes coordinating with a SANE, an advocate for emotional support services and accompaniment, if requested by the victim and the investigator so that the victim does not have to portray the circumstances of the assault repeatedly to multiple people. The auditor spoke with the Riverview Center regarding the response to sexual assaults.</p>

<b>115.266</b>	<b>Preservation of ability to protect residents from contact with abusers</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>The Sixth Judicial District staff are represented by a collective bargaining agreement with the American Federation of State, County, and Municipal Employees, Council 61 AFL-CIO. The auditor reviewed the agreement effective July 1, 2023, through June 30, 2025, and it discusses only pay. The Nelson Center administrators will remove alleged staff sexual abusers from contact with residents pending the outcome of the investigation. The facility is not restricted in any way from protecting residents from contact with abusers.</p>

<b>115.267</b>	<b>Agency protection against retaliation</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>The Residential Supervisor is charged with monitoring for retaliation. Should any person who cooperates with a sexual misconduct investigation express fear of retaliation, appropriate protective measures will be taken. Retaliation monitoring will be for at least 90 days or longer if required and will be discontinued should the allegation be unfounded. Measures include housing changes, removing contact of alleged staff/resident abusers and emotional support services for those who fear retaliation. Interviews with the Residential Supervisor confirmed his duties and responsibilities. These steps are properly documented in the PREA policy. The Nelson Center will document monitoring efforts. In the event of an incident, the</p>

	Residential Supervisor’s monitoring efforts include periodic status checks with the victim and/or anyone who suspects retaliation for reporting or cooperating with an investigation.

<b>115.271</b>	<b>Criminal and administrative agency investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The auditor interviewed upper-level staff and the investigator. There was one investigative file for the Nelson Center to review. Through the interview with the investigator, it was determined that investigations are not terminated should the source of the allegation recant. Polygraph tests are not used during their investigations. The credibility of those interviewed by investigators is believed to be true until corroborating facts tell otherwise and is not made on the basis of that individual’s status as a resident or staff. All written reports are retained for as long as the alleged abuser is incarcerated or employed by the facility plus five years. Investigations will not be terminated due to the departure of an alleged abuser or victim. All administrative investigations will be documented in written reports which include a description of the testimonial and physical evidence, and investigative facts and findings. These steps are properly documented in the PREA policy. The investigators have completed specialized training. The investigations include efforts to determine whether staff actions/failures contributed to the abuse documented through written reports, which will include physical/testimonial evidence, credibility assessments, and investigative facts and findings.

<b>115.272</b>	<b>Evidentiary standard for administrative investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The investigator was knowledgeable as to the standard for administrative investigations. He is aware that the facility uses no standard higher than the preponderance of evidence in making final determinations of sexual abuse/ harassment - meaning that the facility can take necessary actions when at the conclusion of the investigation the evidence leads them to believe the incident more than likely occurred (greater than 50%).

<b>115.273</b>	<b>Reporting to residents</b>
	<b>Auditor Overall Determination:</b> Meets Standard

	<p><b>Auditor Discussion</b></p> <p>The auditor interviewed staff, and the investigator. The PREA Coordinator uses the “PREA Notification Form” to report the outcome to the resident. The resident signs the form to document receipt of this information. The outcome states whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. If the resident refuses to sign the findings form or the resident is no longer in custody at the facility, the PREA Coordinator will document this on the form. If the allegation is against a staff member, the PREA Coordinator will also provide information about if the staff is no longer posted in the resident’s unit and/or if the staff is no longer employed at the facility. The PREA Coordinator will also provide information regarding if the alleged abuser is indicted on a charge related to sexual abuse within the facility or has been convicted of an offense related to the sexual abuse within the facility. There was one incident investigated at the Nelson Center and the resident was properly notified of the outcome as Unfounded and signed the notice.</p>

<b>115.276</b>	<b>Disciplinary sanctions for staff</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>The auditor interviewed upper-level staff and reviewed PREA policy. Staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. Termination is the presumptive disciplinary sanction for staff who have engaged in sexual abuse. Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member’s disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement, unless the activity was clearly not criminal. There have been no PREA allegations of sexual abuse or sexual harassment perpetrated by staff.</p>

<b>115.277</b>	<b>Corrective action for contractors and volunteers</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>The auditor interviewed the District Director, the Residential Manager, the Residential Supervisor, and the PREA Coordinator, and reviewed the policy.</p>

	<p>Contractors and Volunteers working at the facility are subject to disciplinary actions including termination of services for violation of facility sexual abuse/harassment policies. According to the District Director, should any violation of this type be substantiated, the facility has complete authority to administer remedial measures including prohibiting further contact with residents. Contractors or volunteers who engage in sexual abuse will be reported to law enforcement agencies (unless the activity was clearly not criminal). These requirements are outlined in their policy. There have been no allegations of sexual abuse or sexual harassment perpetrated by contractors or volunteers.</p>

<b>115.278</b>	<b>Disciplinary sanctions for residents</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p>
	<p><b>Auditor Discussion</b></p>
	<p>The auditor interviewed administrators, staff, and residents and reviewed policy. The facility prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred. The Nelson Center does not provide counseling or therapy to address and correct the underlying reasons or motivations for abuse. If findings of resident-on-resident sexual abuse are substantiated, administrative sanctions will be administered following the formal disciplinary processes and applied commensurate with the level of infractions. Some examples given by the District Director are loss of privileges and other minor sanctions for minor infractions. More serious infractions would be facility restrictions, transfer, and additional criminal charges. There have been no allegations of sexual abuse or sexual harassment perpetrated by residents.</p>

<b>115.282</b>	<b>Access to emergency medical and mental health services</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p>
	<p><b>Auditor Discussion</b></p>
	<p>Emergency medical response was not needed during the review period. The PREA policy documents PREA requirements for access to emergency medical and mental health services. Emergency services would be provided by either Unity Point Health-St. Luke's Hospital or Mercy Medical Center. The Nelson Center would coordinate with the community providers to provide mental health services. Treatment services are provided to the victim without financial cost regardless of whether the victim names the abuser or cooperates with the investigation. The procedures were verified both through review of policy and through conversations with staff.</p>

<b>115.283</b>	<b>Ongoing medical and mental health care for sexual abuse victims and abusers</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	The auditor interviewed upper-level staff and reviewed the PREA policy. The Nelson Center will offer a medical evaluation within the community and, as appropriate, offers treatment to all offenders who have been victimized by sexual abuse in any prison, center, lockup, or juvenile facility. The evaluation and treatment will include follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody. The Nelson Center provides such victims with medical and mental health services consistent with the community level of care. Offender victims of sexual abuse are offered tests for sexually transmitted infections as medically appropriate through treatment at community providers.

<b>115.286</b>	<b>Sexual abuse incident reviews</b>

	The auditor interviewed the District Director, the Residential Manager, the Residential Supervisor, and the PREA Coordinator. No investigations met the requirement for an incident review; however, the auditor reviewed their incident review form. The review process is outlined within policy. All questions are asked during the review process - change in policy or practice, motivation, physical barriers, staffing levels and monitoring technology. The review team includes the Residential Manager, the Residential Supervisor, the PREA Coordinator, the investigator, upper-level administrative staff, and staff involved in the incident.

The auditor had complete access and observed operations in every area of the center. The auditor requested many documents throughout the audit process and will continue to request documents through the corrective action period. The Nelson Center staff were very cooperative throughout the audit process. The Nelson Center provided private accommodations to conduct interviews. The auditor notices were posted throughout the facility and the auditor received an electronic message to verify they were posted within six weeks of the audit.
