

ANNUAL
REPORT
2024
EIGHTH DISTRICT

The Year in Review

Dear Reader:

This document reflects activities of District 8 of the Iowa Department of Corrections from July 1, 2023 through June 30, 2024.

First and foremost, I want to take this public opportunity to thank our staff members. Their work with our clients, stakeholders, and community partners are what help us achieve our goals. In District 8, we take every chance we have to recognize our team members, both formally and informally. And many of those efforts will be seen by the reader of this report. I am consistently encouraged by the efforts of our professional staff and proud that they chose to work with our department.

Over the last year our department has continued to focus on protecting the communities we work and live in through helping the clients we supervise change their behavior. We include a sampling of the "success stories" we share internally as part of this report. It is my hope that those will give the reader an idea of the myriad of possibilities that can positively affect behavioral change. Having an 'Iowa with no more victims' is not an easy destination to arrive at. But the work our staff members do to supervise and treat our clients towards that unwavering goal, makes everything that we do along the way a meaningful journey.

This report also highlights the systematic portions of a professional criminal justice agency: budgeting, the strategic plan, training, etc... If anyone wishes to review the details of our expansive daily operations in more detail, they can do so upon request.

In closing, I return to our employees. Their efforts and dedication are responsible for our successes, and I want to personally thank each staff member of District 8.

Respectfully,

Daniel T. Fell
District Director

History

District 8

1970s to June 30, 2024

We became District 8 of the Iowa Department of Corrections on July 1, 2023 in accordance with Senate File 514 passed earlier that Spring by the Iowa Legislature.

Prior to that, we were the Eighth Judicial District Department of Correctional Services, and were an independent public agency under Chapter 905 of the Code of Iowa.

While our name has changed, our mission has remained constant, as we continue to provide community correctional services to the fourteen counties of Southeast Iowa: Appanoose, Davis, Des Moines, Henry, Jefferson, Keokuk, Lee, Louisa, Mahaska, Monroe, Poweshiek, Van Buren, Wapello, and Washington.

In the early 1970s, Community-based Corrections was first established in the Burlington and Ottumwa areas as part of a pilot project funded through the federal Law Enforcement Assistance Act. At that time, services were also provided by

the Division of Corrections within the Iowa Department of Social Services.

In 1977, the Eighth Judicial District Department of Correctional Services was established and assumed all community corrections functions in the District with the exception of state parole and work release. That same year the District's first community residential correctional facility opened in Burlington.

On July 1, 1984, the Legislature turned over the administration of state parole and work release to the district departments from the State Department of Corrections. In May of 1991, a second residential correctional facility opened in Ottumwa. In addition, community-based corrections expanded which allowed the District to create a dedicated treatment services division. As of June 30, 2024, we have 101 staff members providing comprehensive adult community corrections supervision and programming to 2,417 clients.

The 5 Target areas:

- Train and Empower
- Reduce Risk & Increase Protective Factors
- Reduce Barriers
- Continuous Quality Improvement
- Reducing racial disparities and increasing a diverse workforce

Residential Officer Makes a Difference

By: Dustin Briscoe, Success Reporter

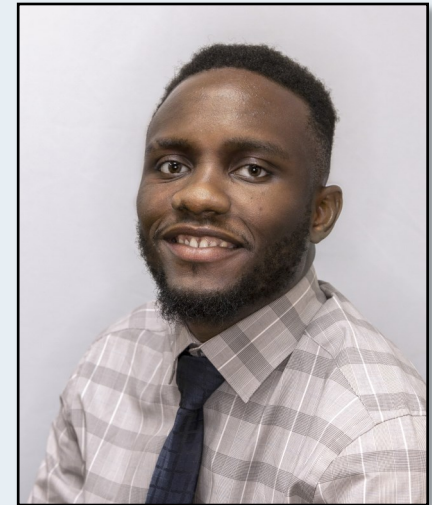

In community-based corrections, every employee plays a part in our big picture, or --- what we aim to accomplish. Because anyone can simply listen when a client needs to vent, needs to get something off their chest, or just needs to be heard. And in our business there is no such thing as "I'm just a secretary," or "I'm just a residential officer." Every one of our staff can have a tremendous impact on our clients. That's because every position we have, counts. Every person we have has the ability to affect change in our clients. And everyone of us can choose to be a coach.

Residential Officer Oluwatosin "Tosin" Adediran was tasked by management to facilitate the Phase Program at the Burlington Residential Facility (BRF). This responsibility takes a great deal of RO Adediran's time, but according to his coworkers, Tosin manages this added responsibility effectively and efficiently. As part of this additional duty, he works closely with the

younger clients at the facility. Tosin has flourished in the role and has fast become a mentor for the younger clients. Something these clients often desperately need as they navigate their way through the correctional system.

The work Tosin is doing with the younger clients continues to be favorably noticed. While admiration from co-workers is a great thing, praise from those we supervise is a sincere indicator that we are making a difference. One client told a residential officer the following about RO Adediran, "He is a more of a mentor than a residential officer and he always has genuine conversations about life or goals."

Praise like that should remind us all that we all have the capacity to make a difference. Just by treating people with respect. By listening. By being genuine.

Oluwatosin Adediran, PPO II

“Perseverance Cracks the Code”

By: Daniel T. Fell, District Director

Community Treatment Coordinator Christin Munson, of Burlington, shared some outstanding news recently. Over the course of many, many years, Eighth District staff have attempted to work with the Social Security Administration (SSA) in hopes to gain some type of support for our facility clients. Each and every attempt was met with denials from our local offices.

However, CTC Munson would not give up. She persevered, switched lanes, and connected with the National SSA Office. There she was able to talk to them in detail about our clients, specifically those of retirement age. Munson’s efforts were rewarded, and she was informed that our facility clients could in fact have access to SSA benefits. The National Office then sent letters confirming that to our local offices.

As of yesterday, we had our first client receive his retirement benefits while in the Burlington Residential Facility. He is now

able to pay down his debts, as well as start saving money to begin the process of transitioning back to the community.

When Deputy Director Sally Kreamer was informed of this breakthrough after so many years of denials, she responded, “Wow! That is awesome news. Her (Munson) perseverance has cracked the code.”

This is not only great news for the 8th District, but for other facilities across the State whose clients have been hindered by this same barrier. And we know from the research, every barrier that is identified and can be broken down, means better outcomes. Less victims. And reduced recidivism.

Thank you Christin for your initiative, diligence, and --- perseverance. You make a big difference!

Christin Munson
Community Treatment Coordinator

Building Momentum

From the Success Report Pool

Client D.M. has had a rough life by all metrics... An unstable childhood filled with traumatic events, led to lifelong ineffective coping strategies. Add in some really bad decisions, and needless to say, Client D.M. has not experienced much, if any --- uplifting successes during their life.

Eventually, the client's rough and tumble journey placed them on a pathway for screening into the Mental Health Supervision Program. Client D.M. dug deep and embraced the challenge of entering a highly structured program. Even if at first, it may have been because the alternatives were much less desirable. But that is ok, and that is where many clients start anew. Start to change.

And like many of our other clients, Client D.M. continued to struggle with self-inflicted obstacles during supervision. But over time, Client D.M.'s thought process began to noticeably shift with small steps towards compliance. Most recently, Client D.M. graduated from the Transitional Skills program. At the commencement celebration, Client D.M. was given a certificate of completion. A certificate they had earned. Client D.M. expressed to the group how it felt to achieve something. They shared emotionally with their peers how, "... they had never completed --- anything in their life, but now they have..."

Building on this progress, Client D.M. recently phased up in the Mental Health Supervision Program, secured employment, and is diligently working on a transition plan. These are huge milestones to celebrate in Client D.M.'s personal journey.

Probation/Parole Officer Dakota Simmons stated, "Client D.M. is now willing to learn new things. Their decision to be vulnerable and to share their journey could possibly inspire others to take a chance and better themselves. Success is often contagious in the MH Supervision Program."

OTTUMWA RESIDENTIAL FACILITY CLIENTS LEND A HAND

By: Charles Severs, Residential Manager

On Tuesday, April 16, 2024, a series of devastating storms, including EF-2 tornadoes, hit Southeast Iowa. Many people from our area suffered property damage, and some lost almost everything they had. During these very unfortunate times, the community rallied and helped those in need. And that included 10 clients from the Ottumwa Residential Facility.

The Saturday after the storms, myself and Residential Supervisor Nyci Harbison, with a crew of clients from the Ottumwa Residential Facility (ORF), made the hour-long trip to rural Henry County. Once on the scene, everyone rolled their sleeves up and lent a helping hand to an unfortunate family who lost 95% of their fourth generation farm. Most of the time was spent cleaning up scattered debris to make a path for heavy equipment. The clients worked so hard that they finished the job way earlier than the property owners expected, therefore enabling the family to take a much needed rest.

I had asked one person to volunteer earlier in the week. And word spread very fast. Within an hour I had to start turning people down because we did not have enough room in the van. That was very encouraging to see how fast the clients were to volunteer to help.

The volunteer who coordinated the effort stated, "I was a bit hesitant and didn't really know what to expect getting guys from a 'halfway house.' But Chuck, Nyci, and all the guys they brought were phenomenal! They worked from the time they got there until the second they left. They worked hard and efficiently. We honestly couldn't have achieved a fraction of what we did without their help."

The van ride back was very quiet. Everyone was tired. And the only real conversation on the way back was the clients noting how it felt good to give back and help some people who were really in need.

Staff Awards

EMPLOYEE OF THE YEAR

Stacy VanAntwerp is a veteran employee whose body of work over 20 years is the definition of consistency. She is dedicated, reliable, and constantly works hard to achieve the tasks at hand for the day, and our department's overall mission. There is no one at the Ottumwa Residential Facility more respected than Stacy.

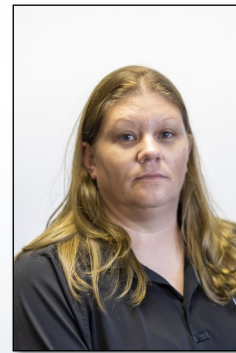

COACH OF THE YEAR

Dakota Simmons who builds rapport with his clients, treats them as individuals, and responds to their specific needs rather than just “blowing the whistle” when supervising them gets difficult. Dakota truly cares about his client’s success, and coaches them, while always having public safety in mind.

MANAGER OF THE YEAR

Charles Severs who has quickly established a great rapport with his new staff at the Ottumwa Residential Facility. He has also helped them gain confidence in their daily duties, and in their interactions with the clients. Charles makes everyone feel seen and heard and is the epitome of “meeting people where they are at.”

NEWCOMER OF THE YEAR

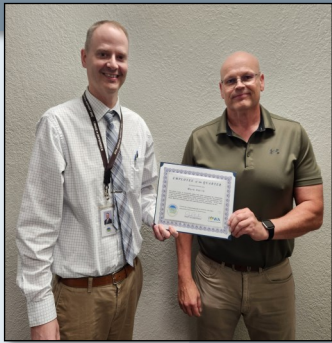

Stacy Oden who has really hit the ground running in her new role as the Lead Residential Officer (ROII) at the Ottumwa Residential Facility, where she has successfully managed numerous extra duties and responsibilities in short order. As a leader, she is professional, dependable, and totally committed to our mission.

TEAM EXCELLENCE

Administrative Team: consisting of Administrative Officer Valerie Annis-Lanman, Administrative Assistant Melanie Imhoff, Accounting Technician Themis McMahan, and Executive Officer Linda Norton, our Admin Team has worked through a massive undertaking with the alignment. Due to their work and resiliency --- we have experienced a smooth transition, and our department was able to continue our important work uninterrupted.

Employee of the Quarter

PPO III **Mark Smith** was selected as our Employee of the 1st Quarter. Mark was cited for, "always looking at community safety first when managing a very complex, and complicated caseload; and dutifully incorporating treatment potential to manage risk." Treatment Services Manager Kurt Rosenberg stated, "Mark is a true team player, and routinely helps other staff whenever, and wherever, he can."

Accounting Technician **Themis McMahon** was selected as the Employee of the Quarter (2nd quarter). Themis was recognized for seamlessly transitioning into her current role and making complicated work look easy. Themis has become a go-to person for procurement and her dedication, thoughtful guidance, and attention to detail have helped others substantially.

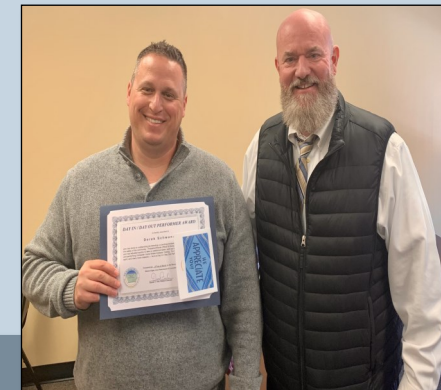

Community Treatment Coordinator **Christin Munson** was selected as our Employee of the Quarter (3rd quarter). Residential Manager Daryl Lambert said "Christin cares about what we do and her work has had a significant impact on residential outcomes in a very short time frame." Christin was also described as "an unrelenting advocate for our clients."

Residential Officer **Kevin Suchomski**, was chosen as our Employee of the Quarter (4th quarter). Kevin was cited for being willing to do whatever is needed to make sure district operations run smoothly. Residential Supervisor Dalton Henry stated, "Kevin is fully dedicated to our mission, and he is a positive influence on clients and coworkers alike."

Day In and Day Out Performer

Derek Schwandt has done an outstanding job blending a coaching mindset while always considering the safety of the community. Probation/Parole Officer III Schwandt "goes the extra mile," and has adjusted quickly to take on additional tasks, such as teaching Defensive Tactics and performing Computer Voice Stress Analysis Testing. For his positive attitude, can-do spirit, and many more reasons — he is a Day In/Day Out Performer.

Going Above and Beyond

Excellence in Safety Award

Dustin Briscoe and Derek Schwandt received the Excellence in Safety award at the IDOC annual awards ceremony. This is a high honor with the stiff competition statewide around all things safety in Iowa corrections. These two have done an absolutely excellent job building and guiding our internal personal safety program. They have a passion for it, and many staff members have said that they have appreciated the program greatly.

Probation Parole Officers Dustin Briscoe and Derek Schwandt

Volunteer Recognition Award

Dena DeVore was recognized by Governor Reynolds and Lt. Governor Gregg at the State of Iowa's 40th Volunteer Recognition Ceremony in Ankeny.

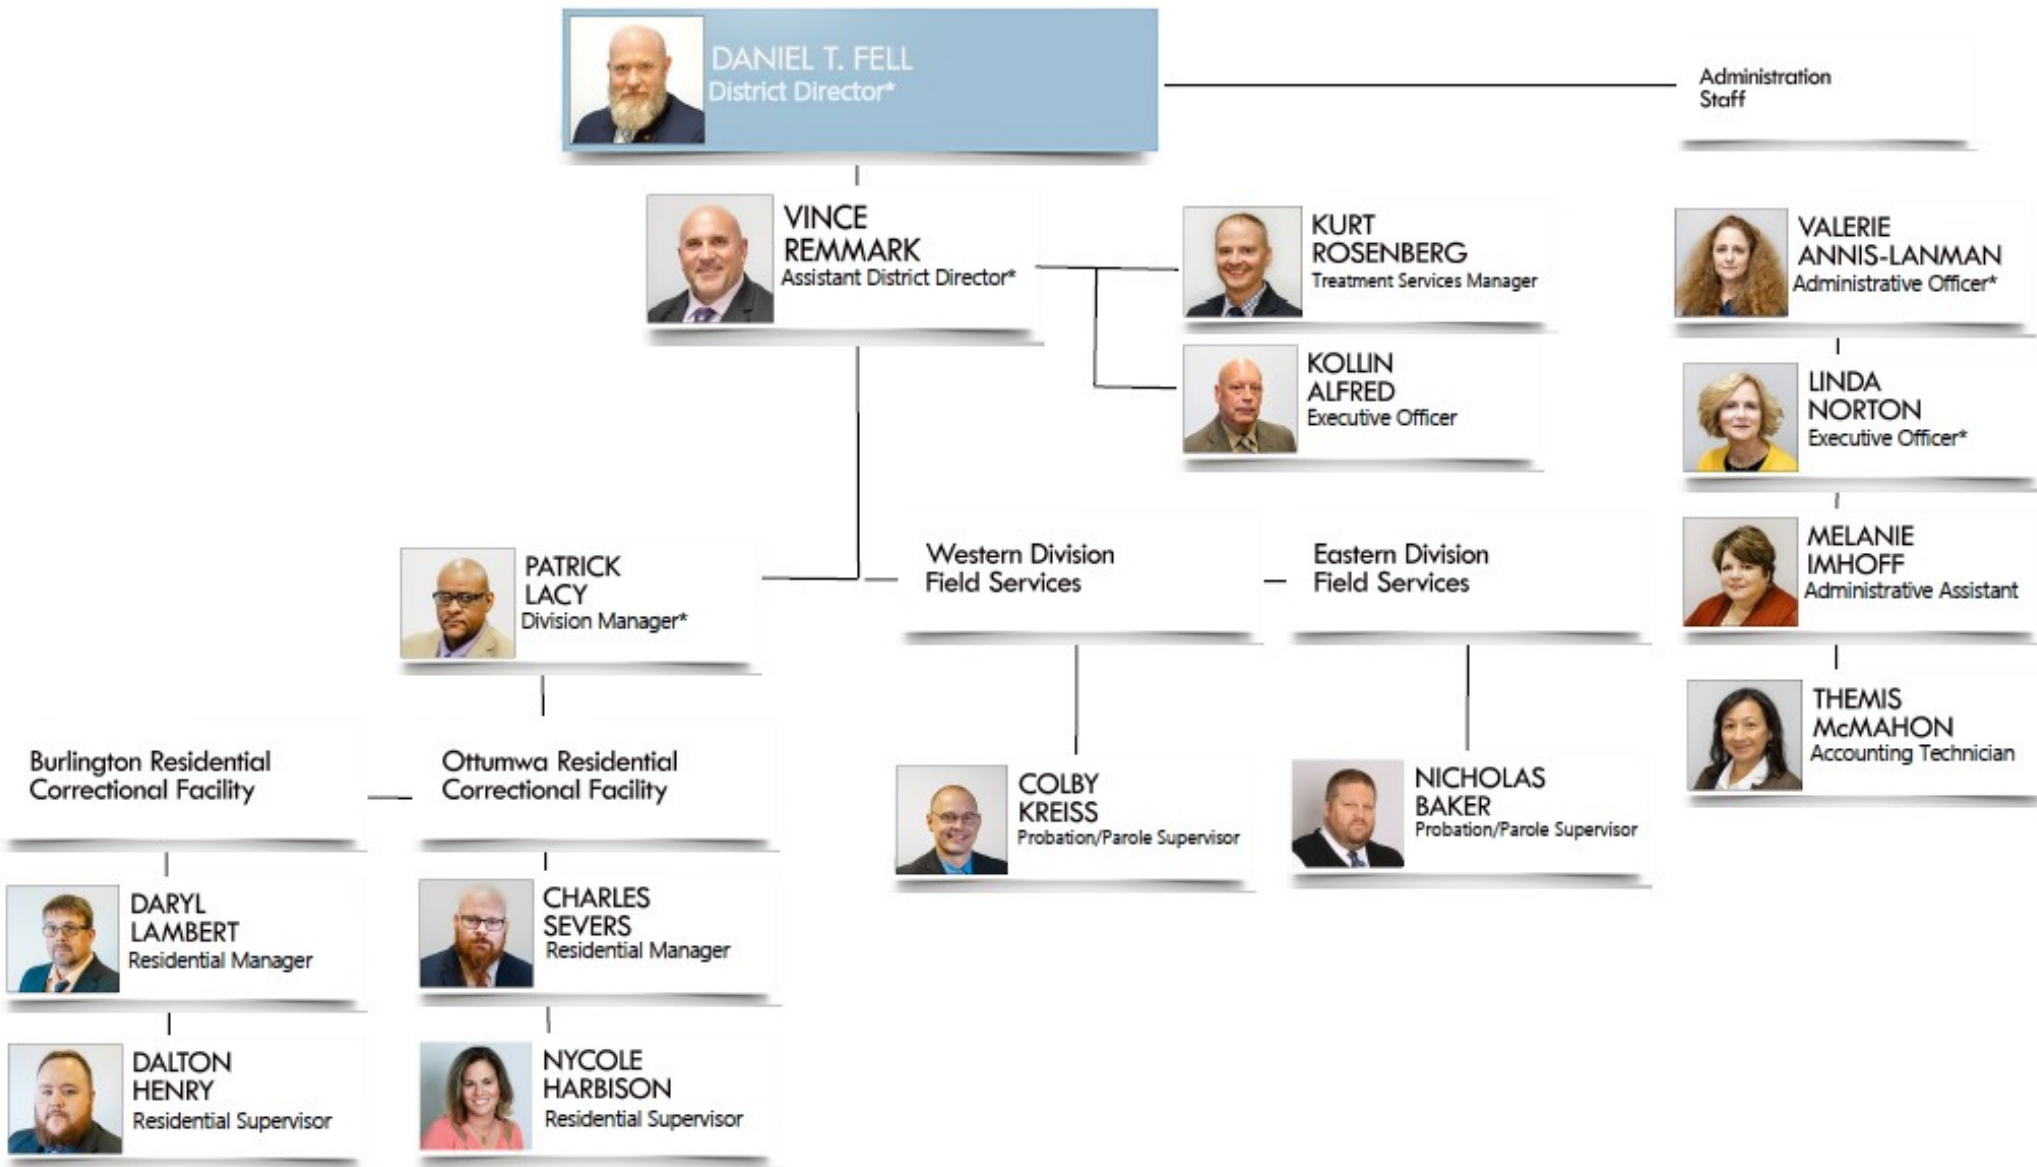

Dena, who was selected as our Volunteer of the Year in the 8th District last Fall, was cited for her unrelenting energy in making her community better through her volunteer efforts — which are too numerous to list here.
